RIOT IN IOWA.

University Students and Policemen Have a Bloody Fight on the Streets of Iowa City.

IOWA CITY, Ia., May 26.—The State university at Iowa City is in the throes of a first class sensation, involving nearly three hundred students. The trouble started over a game of base ball. The university club went to Grinnell and played a match game with the Iowa college team, defeating it. The result was telegraphed to Iowa City and between two hundred and three hundred of the students went to the depot to give the victors an enthusiastic welcome home. Naturally they made a good deal of noise. The policeman stationed at the depot ordered the boys to keep quiet. Shortly afterward a student blew a blast on a tin bugle, whereupon the policeman dealt him a fearful blow with his club back of the ear, rendering him insensible. This enraged the students, and they made it so hot for the policeman that he jumped into a cab, drove up town, procured help and awaited the arrival of the procession which the students had formed upon the arrival of the team. The officers then arrested two leaders of the procession and started with them to the city hall. Someone in the crowd yelled out, "Shall we let the boys go to jail?" There was a general shout of "No," and the students, nearly 300 in number, threw themselves upon the policemen. A desperate conflict ensued. The two students under arrest were rescued, but refused to escape and were retaken by the officers. The fight raged about an hour. Clubs were freely used and the policemen drew their revolvers, when a mob of Bohemians and saloonkeepers came to their rescue. Several students were hurt more or less seriously. The city is much stirred up over the trouble and further violence is feared. The general feeling is that the policemen were wrong.

A SUPPOSED MURDERER

Arrested on Suspicion and Held Pending an Investigation.

CHICAGO, May 26.—On the night of March 22, 1891, John Tobin, of Franklin, Pa., was murdered in his home, and, to conceal the evidences of the crime, his slayers set fire to the house. One of the supposed murderers was arrested yesterday in Englewood. He is looked up at the Englewood station and will be held until requisition papers arrive. The prisoner's name is Frank Videto. Although there is no positive evidence that Videto was connected with the killing, the circumstances are strongly against him. Videto and a companion were at Tobin's house on March 22 selling silver polish. While there, Mrs. Tobin remarked that she and her husband were going out of town that night. It is supposed that Videto and his companion then planned to rob the house. Mr. Tobin did not go with his wife as expected, and when the robbers entered the house he made a desperate fight for his life. Videto was traced to Stoneboro, a town near by, but from there all trace of him was lost until a few days ago, when he was located at Englewood. Tobin was about sixty years old. In his younger days he was a prize fighter in Canada. He settled in Franklin some twenty years ago, and up to the time of his retirement from business, about five years ago, he was engaged in the custom tailoring line. No man stood higher in the community than John Tobin. At the time of his murder his fortune had shrunk to about $5,000. Two years ago his daughter, Mary Tobin, was murdered in Staten Island, N. Y., and the old man had spent money freely to ferret out the slayers.

MARRIED A CHINAMAN.

A Beautiful White Girl Who is Not Afraid of Bath.

PADUCAH, Ky., May 26.—Charles Hong, a Chinese laundryman of this city, and Miss Lula Mathis, a pretty young white woman, were married last evening by Judge Boone, at the residence of the bride's mother. Hong has been in this country ten years, reads and writes English well and is thoroughly Americanized, except in regard to the queue which he still carries. The bride's trousseau was obtained in Philadelphia and was more costly and beautiful than ever a Paducah bride wore before. The affair is the sensation of the hour.

Yellow Fever on Board.

NEW YORK, May 26.—The steamship Plato arrived here yesterday from Santos and Janierio and will be detained at quarantine until today for disinfection. Eighteen of the crew were sent to a hospital at Rio Janerio on March 6th on the voyage to Santos, suffering from yellow fever. All on board are well.

General Longstreet Very Ill.

ATHENS, Ga., May 26.—Gen. James B. Longstreet is in very feeble health. He has been so ill for the past few weeks that he has given up work on his history of the Confederate war. The book is nearly finished and will contain much that no history of the war has yet published.

Call Wins.

TALLAHASSEE, Fla., May 26.—At the joint democratic caucus last night debate on Mr. Yancey's motion to adjourn sine die was kept up till after midnight, but the Call men at last succeeded in getting a vote on the motion and it was carried 49 to 47. This is three votes short of Call's numerical strength in the caucus, but his friends say that he can poll fifty-five or fifty-six votes Tuesday noon in the joint session of the legislature, and they predict his election by a majority of three or four votes.

RAN ASHORE.

The Hudson, With Ninety-Six Passengers, Runs on a Sand Bar.

NORFOLK, Va., May 26.—The steamer Hudson, of the Cromwell line, which sailed from New York on Saturday for New Orleans, with ninety-six passengers and a cargo of general merchandise, went ashore two miles south of Body island at 6 o'clock yesterday morning during a dense fog, the captain having lost his reckoning. The vessel was lying in an easy position and the captain was confident that the vessel could be got off. Several of the passengers were badly frightened and they were taken off by the life-saving crew. The others remained on board the vessel. At 11 o'clock last night the vessel was floated and proceeded on her voyage to New Orleans. The passengers taken off will be forwarded to their destination by rail. It is believed that the damage to the Hudson, if any, is slight.

CORBETT REFUSES

To Fight the Negro Again Under the Auspices of the Athletic Club.

SAN FRANCISCO, May 26.—The directors of the California athletic club held a meeting last night at which the award in the Corbett-Jackson contest was again under consideration. The directors refused to amend the resolution adopted after the fight, by which each was awarded $2,500. The directors also offered to give a purse for another contest between Corbett and Jackson. Jackson expressed his willingness to fight again and offered to cancel his arrangements for a match with Goddard in Australia if necessary. Corbett refused the offer and said he did not want to fight again under the auspices of the California athletic club.

A FAST LIFE

Causes Cornelius King to Become a Defaulter.

PATTERSON, N. J., May 26.—Cornelius A. King, the New York agent for Hinchliffe Brothers, the Patterson brewers, has disappeared and is alleged to be a defaulter to the amount of $20,000. His method was to not credit on the books sums which customers paid on account of their beer bills. King was regarded as a trustworthy man, and was well known in Patterson, being at one time tax assessor of the city. It is thought that his downfall is due to his leading a fast life. He is a married man, and his family reside in New York.

A DANGEROUS LUNATIC.

He Wounds Two Officers Before He is Captured.

VIENNA, May 26.—A dispatch from Carlsbad says that a visitor to the spa yesterday suddenly became insane. The maniac mounted to the roof of the house and fired several shots at and wounded two officers, who attempted to remove him from his dangerous position. The policemen then summoned the fire brigade, who, by the use of their ladders, succeeded in getting at and finally overpowering the lunatic, who was removed to the hospital.

Twenty-Seven Beheaded.

SAN FRANCISCO, May 26.—Advices by the steamship City of Peking, which arrived this morning from China and Japan, states that twenty-seven Chinese were beheaded by order of the authorities at Kowoloon City, April 27, and that nine of them are known to have participated in the Namoa piracy tragedy. A disturbance occurred recently at the Trentian railroad between foreign employes of the railway company and Cantonese, and several foreigners were badly beaten.

Must Pay the Subscription.

LINCOLN, Neb., May 26.—When Bishop Bonacum, of this city, denied the Hon. Patrick Egan, the Irish agitator, the privilegen of a communicant in St. Theresa cathedral, Egan refused to to pay a $500 subscription he had made to the building fund. The bishop sued Mr. Egan for the amount and Judge Tibbetts decided that Egan must pay the subscription.

Greene Resigns.

CINCINNATI, Ohio, May 26.—General Manager W. M. Greene, of the Big Four, has resigned and the position has been offered to Joseph P. Ramsey, jr., assistant to President Ingalls. Mr. Greene sent in his resignation two weeks ago and it was accepted, but it only became publicly known today.

Drowned in the Ohio.

MAYSVILLE, Ky., May 26.—Geo. Ennis and Caleb Waldron, aged about fifteen, of Aberdeen, were drowned in the Ohio yesterday afternoon. They were boating when the skiff was swamped by waves from the ferry boat Gretna Green. Ennis' body was recovered.

The Weather.

WASHINGTON, May 26.—For Indiana: Clearing, except showers on lakes; northerly winds.

STILL DELIBERATING.

The Presbyterians at Detroit Talk About Vacant Pulpits and Idle Ministers.

DETROIT, Mich., May 26.—Evidently most of the Presbyterian commissioners are of the opinion that they are not called upon to attend the devotional exercises with which each morning's session of the general assembly is preceded. At least, aside from those who were engaged in committee meetings, there were as many more standing about in the basement talking and visiting, than there were in the auditorium taking part in the morning's devotions. After the assembly had been formally opened, the first business taken up was the assignment of certain overtures to committees for consideration. The principal overture was one in regard to the Roman Catholic schools among the Indians, and whether the United States government should continue the Indian schools.

The question of unemployed ministers and vacant pulpits being the order of the day, Rev. G. L. Hamilton, of Rochester, took the platform. The discussion drifted into the question of employment of an agent to keep tab on the ministers of the church who were unemployed and the churches requiring supplies. The point was the fixing of salaries, and on this Rev. Dr. Hamilton opposed placing it at $2,500. In this he was supported by Elder Graham, of Nebraska, who thought a good, able young man could be got for the place at about $1,000 a year. The $2,500 salary was knocked out, $1,500 set as the price and the matter referred for consideration of its constitutionality. Rev. Andrew H. P. Raymond, of Albany, N. Y., presented the report to the committee on home missions. The pleas usually sent up for home missions spoke of need of helping the far west. This was wrong. The home mission field embraced the whole United States, the large cities as well as the mining camp. Presbyterianism was on the increase in the New England field.

A BRAVE GIRL.

After Driving a Burglar From Her Room She Faints With Fright.

MEMPHIS, Tenn., May 26.—Miss Mary Fogleman, a boarding pupil at the Conway institute, at midnight Sunday, was awakened by a noise in her room. She sprang out of bed and light the gas. At the same moment a burly colored fellow sprang upon her and ordered her to keep quiet or he would kill her. The girl struggled fiercely and managed to release her right arm. Instantly she struck the fellow in the face, and gave him another with all her force. She then aroused the whole house with her screams. He released her, sprang out through a window, taking the sash with him. Of course, as soon as all danger was past, Miss Fogleman became utterly prostrated.

LORD SALISBURY TIRED.

He Fears a Storm if He Should Limit the Seal Catch.

NEW YORK, May 26.—A special to the Press from Washington says Lord Salisbury has at last made a sort of reply to Secretary Blaine's proposition that a limited catch of seals in Alaskan waters be permitted the present season. It is not at all a decisive one and is in effect that the English premier is considering the proposal, and will very soon announce his opinion. The British minister has given it to be understood that Salisbury is fearful of the storm of indignation which has been provoked by the report that there is to be a closed season.

KNOCKED OUT.

In Two Rounds Jim Choynski Wins a Victory Over Mike Dooley.

MELBOURNE, May 26.—The prize fight yesterday between Joe Choynski and Mike Dooley resulted in the latter being knocked out in one minute and eleven seconds. Choynski adopted rushing tactics, and in a short time had driven Dooley to the ropes. In the second round Dooley was overpowered and knocked out. In the betting Choynski was the favorite nine to four. The battle was fought under the auspices of the Melbourne Athletic club and was for a purse of $3,000.

NEGRO VS. ITALIANS.

One Man Holds 200 at Bay for Twelve Hours With a Rifle.

SUTTON, W. Va., May 26.—Alexander Dunlap, a negro farm Wheeling, working with a gang of Italians five miles east of here, had a desperate battle with them on Saturday. There was a trifling dispute and a fight. The negro caught up a Winchester rifle, and backing against a stone wall, kept fully 200 Italians at bay from early Saturday morning until the afternoon, when he was arrested. In the course of the fray he shot two of the Italians, inflicting fatal wounds.

A LOVE AFFAIR.

Father and Son Fight for the Possession of a Girl.

BETHEL, Me., May 26.—Jackson Oldershaw, a widower, and his son Roger were rival suitors for the hand of Jeanne Lancrea, ward of the former. Last Saturday Roger and the girl attempted to elope. They were discovered by the elder Oldershaw, who fired and fatally wounded Jeanne. The two men then seized axes and fought like tigers, the combat ending in the death of the father. Young Oldershaw made his escape.

A BURGLARIOUS JOB.

Amateur Highwaymen Unsuccessfully Attempt to Rob a Train.

BANGOR, Maine, May 26.—A gang of four or five desperadoes attempted to hold up a train at Enfield last evening. The train was bound for St. John, and when it had passed Enfield station several shots were fired at the engineer. Just as the train was drawing out of Enfield a man was discovered by the fireman crawling over the tender. He shouted to the engineer to stop the train, but the latter paid no notice to his request. But subsequently the bell was rung, and after the ringing was repeated the train was brought to a stop. Immediately a party of four men began firing on the train. The leader was armed with a shot gun, and the others were armed with revolvers. The belief is that the men wanted to rifle the mail car. The engineer, however, started the train and succeeded in getting beyond the reach of the desperadoes' bullets before anybody was hurt. The station agent at Enfield died for his life. He was in the act of hanging out the signal lamp when the gang fired upon him. One of the bullets struck the lantern. The affair has aroused the greatest excitement in this section. An effort will be made to effect their capture.

OMNIBUS DRIVERS

Back Up Their Demands for Increased Wages by Striking.

PARIS, May 26.—The strike of omnibus drivers continues to be the cause of great excitement. The depots of the companies are surrounded by crowds of sympathizers with the strikers. The offices and stables are guarded by soldiers and police. When an attempt was made early this morning to run stages the rioting was renewed, the blacking drivers being stoned, hooted and jeered. Soon afterward the crowd broke through the police line and dragged the drivers from their boxes. They beat the men, turned the horses loose and overturned the stages. The police were almost powerless against the mob and a collision of troops was narrowly averted. At 11 this morning a number of stages were deserted in the streets, where they still interfere with traffic.

The Gaulois says that the minister of war has refused a request of the omnibus companies to allow soldiers to ride on the stages as guards. The municipal council is considering a request from the companies to interfere. The press of the city sympathize with the drivers and subscriptions are opened in the various newspaper offices.

TWO CONFLICTS.

The Portugese Get Defeated by the Police and Pioneer Forces.

LONDON, May 26.—The conflicting accounts of Anglo-Portugese South African troubles received here and at Lisbon lead to the belief that there were two distinct conflicts. The first was a collision with the British South Africa company's police at Matasen, resulting in the defeat of the Portugese. The Portugese are then thought to have marched to the coast by the Pungwe river route, a movement which resulted in their coming into conflict with the force of pioneers who, under command of Commissioner Johnson, were opening a transport route. The Times does not consider that the trouble in South Africa will be allowed to interfere with the arrangement of satisfactory relations between Great Brittian and Portugal.

THAT ASPHALT BID.

Supt. Wright, of the Barber Company, Not Ready to Give Up.

J. M. Wright, of Louisville, Ky., representing the interests of the Barber Asphalt company, is at the Wayne. To a reporter of THE SENTINEL he stated that the Barber company did not concede that Charles S. Rash got had the contract for paving Berry street with asphalt, by any means.

"The Rash bid is the lowest. Don't that indicate its acceptance?" asked the reporter.

"It does not. It is a question as to whether the contract can be lived up to; as to what kind of material is to be used, and whether the specifications can be fulfilled to the letter."

Pillaging Christians.

SHANGHAI, May 26. The Christian missions at Nankin have been attacked and pillaged by natives. The inmates narrowly escaped with their lives. The anti-foreigner movement, which is fomented by secret societies, has caused alarm at the treaty ports. The government is anxious, but is unable to suppress the movement.

NO END OF LAW SUITS

Between Lindley Baldwin and Louis Schroeder and a Chicken Was the Cause of It All.

Lindley Baldwin's chicken little thought when a few months ago it innocently strayed into the yard of Louis Schroeder that it was starting a train of law suits that would involve these two men and there wives, and their families, and their relatives in no end of expense and trouble. But such has been the case, and the end is not yet. The chicken was not a welcome visitor in Schroeder's yard and it was not long before his chickenship found it out, but in spite of the clubs and stones that were hurled at it the fowl kept on going over into Schroeder's yard and stalking about as if it owned the place. Its frequent invasions of the Schroeder country and its expulsion from the same soon led to a war of words between the Baldwin and the Schroeder families, and it was not long before each of them was in court on the charges of "provoke," "assault and battery," etc. First Baldwin would have Schroeder arrested, and then Schroeder would have Baldwin arrested and so it went on until there was hardly a week passed that these men did not have two or three cases in the justice courts. They live next door neighbors, but their conduct is anything but neighborly, for several times they have come to blows, and on one occasion revolvers were flourished in an encounter. Justice France's docket is full of their cases, and notwithstanding the fact that he always imposed on them heavy fines and the severest kinds of lectures, they would bob up again in a few days with another suit. Their latest quarrel is over the division line between their lots, and yesterday Baldwin had Schroeder arrested for malicious trespass—the malicious trespass consisting in his walking on Baldwin's side of the division line. The trial of the case took place this morning in Justice France's court. Baldwin's attorney was E. V. Emerick, and Schroeder was represented by the Leonard Bros. Justice France heard the evidence and the lawyers' speeches and assessed a fine against Schroeder of $5 and costs. As an outcome of this last suit, Baldwin was arrested this morning on an affidavit sworn out before Justice Hayes by Mrs. Caroline Jule charging him with provoking her son. The constable made the arrest and when the case was called up Baldwin moved for a change of venue and the trial will take place before another justice. These men—Schroeder and Baldwin—have spent a large amount of money and wasted a good deal of time in their petty law suits, and one would think they ought to be about tired, but it seems they are not. They will go on lawing until one or the other moves to some other part of the globe—and this is what ought to be done.

THE DAY IN THE COURTS.

The corporation of South Wayne commences suit in Justice France's court against P. A. Tyler, C. J. Tyler, J. Mogolla, J. Brannesen and G. D. Seibert to collect from each of them the sum of $2.50 as road tax.

Manager James Geary commenced an attachment suit this morning before Justice France against two men named Hall. They are performers in his circus and were getting ready to leave him. He sues for $50 damages for breach of contract. The case is set for hearing on May 27th at 9 o'clock.

The celebrated case wherein James Dignan seeks to recover his share of a an estate that he inherited from his father was decided by Judge O'Rourke yesterday. The court decreed that George Jaap must restore to Mr. Dignan $697.69. A motion for a new trial was made.

The case of Benjamin O. Ivey vs. Charles Ashbaucher et al., has been certified to the superior court here on a change of venue from Adams county. France & Merriman are attorneys, and charge for the plaintiff that he was assaulted and unmercifully beaten by Ashbaucher and others. He has partially lost his hearing and suffers from paralysis as a result of the injuries sustained. He seeks $2,500 damages.

There was a big crowd in the lobby at police court this morning. There were four drunks sitting in a row within the enclosure awaiting trial. Mayor Zollinger had returned from Indianapolis and presided. The first man to be arraigned was Otto Siebert, who was arrested by Officer Limecooley for being drunk and attacking his father with a knife. He was fined $12.50. John Williams, who had been arrested by Officer Dascler for drunkenness, was the next prisoner who stood up before his honor. He belonged to a gang of Nickel Plate workmen, but not feeling well did not go to work yesterday morning. Along toward evening he got in an intoxicated condition and went to sleep on a door step. Officer Dascler found him there and he was taken to the police station. He said it was the first time he had ever been arrested, and Mayor Zollinger let him go with a lecture. Frank Ott, an old man who had been so drunk that he fell and cut his head in here, was arrested yesterday afternoon by Officer Dascler. He spent the night in jail, and when he was arraigned this morning in police court he told Mayor Zollinger that it was his first offense, and that he would never get drunk again. On these promises the mayor gave him his liberty. The last offender was old Mike Walsh. He was very, very drunk when Officer Lapp arrested him last night. He had been in police court before and Mayor Zollinger sent him to jail.

John Young and Mr. Burns got into a dispute last evening about a division fence on their lots. Hot words ensued and a revolver was drawn by Young, so it is stated. The police were sent for and Young was arrested. In police court this morning Burns did not appear to prosecute the case and Young was discharged.

Rosetta Miller sues George Miller for a divorce. E. V. Emerick, who pens the complaint, alleges desertion.

The Favorite Carriage company brings a replevin suit against M. L. Albrecht and Harry Hunns; demand, $600. James Robinson is plaintiff's attorney.

PLAYERS COMPLIMENTED

And Guy Hecker "Roasted" by Grand Rapidites Yesterday.

The Grand Rapids Democrat has this comment on yesterday's game:

"Grand Rapids started in to win the game before rain set in. The first three or four innings it looked as if the home club would actually win a game. There were not to exceed 100 persons in the grand stand, everybody got into the grand stand out of the wet—but the 100 were all fans and they made noise enough for a whole regiment. The game was full of interest and should have been played Sunday. Inks did not prove the easy mark that had been expected, however, and hits were scattered. He was given poor support at times and then it was the runs were made. The veteran, Guy Hecker, did his best, seemingly, to give the game away. His wide experience has apparently only made him a successful kicker and not a ball player. He bulldozed his position like a ten-year-old boy, but bluffed poor Dunn until the latter did just about as Hecker wanted him to. Boland caught his usual superb game, and Roussey excelled with the stick, making a home run, a double and a single. The Fort Wayne team is a stronger one than the Detroits. Holland, Reader, Hecker and one or two others are sure hitters. Ogden and O'Rourke are fine sprinters and run bases like deer.

SEE THEIR MISTAKE.

The Union Pacific Will Now Complete the Helena Branch.

HELENA, Mont., May 26.—It is reported here that Jay Gould, during his coming visit here, will look into the matter of extending the Union Pacific system so as to give it a direct entrance into Helena over its own lines. Over ten years ago the Union Pacific started to build from a point on the Utah Northern direct to Helena. The line was graded for thirty miles, up to Jefferson canyon and to within eighty miles of Helena, when work was stopped on account of lack of funds. Two years later the Northern Pacific made its way here and got control of the freight business. It is believed that the Union Pacific people see their mistake now in not completing their line to Helena two years ago, and that the eighty miles will now be completed to Helena.

INJURED IN A RUNAWAY.

John Raab Thrown From a Wagon and Badly Hurt.

John Raab, the Columbia street grocer, met with a serious runaway accident this morning which may confine him to the house for some time. While Mr. Raab was on his way home to dinner, the horse he was driving became frightened on Harrison street and ran away. The buck-board in which he was riding collided with a tree box, throwing the occupant violently to the ground, inflicting injuries to his head and body. The vehicle was wrecked. Mr. Rash was conveyed to his home, 112 West Jefferson street, where at last accounts he was resting easy, although considerably shocked by the accident.

RECEIVING VISITORS.

Secretary Blaine Recovers From Indigestion and Receives Callers.

NEW YORK, May 26.—Secretary Blaine's strength was pretty well tested by his ride yesterday and it has now been determined to take him to Bar Harbor early next week. He is now practically well, the gout has disappeared and indigestion troubles him no more. He consented to receive visitors for the first time today. As several foreign ministers are in town at present it is likely they will call on Mr. Blaine.

WILL FIX SALARIES.

Duties for the Council Tonight—Salaries and Street Sids.

The most important business before the council is the letting of street contracts, including the Berry street asphalt improvement, and the fixing of salaries. It is thought there will be little, if any, change in the salaries.

Suffering With Gangrene.

Thomas Spelt, of Edgerton, was brought to this city and taken to the St. Joe hospital this afternoon. He suffers from gangrene and the case may prove fatal.

A NEAT SCHEME.

An Effort to Strengthen Foreign Influence in America—It Won't Work.

ROME, May 26.—A letter from Rome says that a petition was recently presented to the Pope embracing a scheme to provide for the "religious" welfare of European emigrants to America. The idea was started by the Germans to maintain foreign influence in the United States. The plan, after stating the difficulties emigrants have on reaching America, in finding proper religious care, suggests that for the preservation of their faith certain measures be taken, approved and insisted upon by the Pope. These consisted in the founding of institutions in the different countries of Europe which shall educate priests of these nations to accompany emigrants and care for them after their arrival in America. Second, the distributing of parishes to these national priests so that each body or nationality shall have its own priest. Third, the establishment of national schools in America in connection with these national parishes. Fourth, the appointment of national bishops in America, pro rata, according to the number of each nationality. This petition was taken to Rome and presented to the pope by a member of the German reichstag, and is backed by the political influence of Germany, Austria, Italy, Spain and Belgium. It is couched in a very religious strain, and although evidently intended to deceive the pope in believing that it is a pious scheme to protect the spiritual welfare of the poor emigrants from Europe, it is not believed that he will approve such an attempt to use the Catholic church to promote foreign influences in America.

STILL A MYSTERY.

The Body of the Unknown Suicide Remains Unidentified.

The body of the unknown suicide, an old German who hung himself at the Robinson house in Sheldon, lies in the undertaking rooms of J. C. Peltier, unclaimed or unidentified. The man was about seventy years of age. His features can be described as a round, full face with high forehead, light eyes and large head well formed and partially bald. The man wore good clothes. Coroner Kesler found nothing that would even form a clew to an identification, but the following newspaper clipping, found with $188 in a purse contained in the pockets of the dead man's clothes among other articles, would indicate melancholia as having inspired the fatal act: "In the present, past and future there has been and will be a failure of the remedies at our disposal to relieve the weakness of mankind. The help of mankind cannot be read until superhuman powers shall have been brought to bear upon this life."

The laundry mark of the shirt worn by the man is "O. P. W." A slip of paper in the pocket contains the following:

Henry Andrew, born February 12, 1855.

Catharine Mary, born July 12, 1856.

Andrew H., born October 31, 1857.

C. W. Johanna, born June 24, 1860.

Gottfried Fred, born April 15, 1862.

This is no doubt the records of the birth of his children, but unfortunately only the surnames are given.

A little card, possibly a Christmas greeting, bears the following inscription in German:

"Happy wishes of the family Schuetze."

Several pieces of poetry written no doubt by himself, in German, also were among his effects.

Today Mr. Peltier had the features of the corpse photographed. The body has been embalmed, and will be kept for several days awaiting developments.

AWAKES IN A BETTER LAND.

Dr. Vandyke, the Famous Presbyterian Minister, Dead.

NEW YORK, May 26.—Dr. Henry J. Vandyke, the prominent Presbyterian divine, died today at his home in Brooklyn, aged sixty six years. He was a member of the family of the Union Theological seminary and one of Dr. Briggs' ardent supporters. He was born in Montgomery county, Pa., and studied at the University of Pennsylvania, at Yale and at Princeton. His sermon on "The Character and Influence of Abolitionism," preached just before the breaking out of the war created a sensation and had a marked influence in strengthening the union sentiment. His death was quite sudden, angina pectoris being the cause.

W. C. T. U.

The Eighteenth Convention Opens With a Good Attendance.

LA CROSSE, Wis., May 26.—The eighteenth annual state convention of the W. C. T. U. commenced this morning, and will be in session four days. Upward of 150 delegates are present, and the number will probably reach 200. The exercises this morning have been chiefly of a devotional nature. The State Evangelist, Mrs. Lewis, conducted the Bible reading, and the roll was called and delegates enrolled. This afternoon the president delivered the annual address, and the heads of the various departments made their reports.

THE Charleston is still in pursuit of the Itata.

THE Terre Haute police muddle continues unsettled.

THE rain of last night was a grand blessing to the country.

PRESIDENT HARRISON is appointing a number of new postmasters.

LEAVENWORTH boasts that it never had an elopement. Well, it ought not to complain.

His legion of friends and warm admirers will be glad to hear that Secretary Blaine's health is improving.

THE base ball crank will be in his glory now. There will be several games played in this city during the next few days.

THE people of this country will never weary of honoring her hero soldier dead. Decoration day will be elaborately observed.

DR. JOHN RUSK, of Terre Haute, has been appointed meat inspector by Secretary Rusk, of the agricultural department, and he has been ordered to report at Chicago for duty.

THE issue of standard silver dollars from the mints during the week ended May 23 was $314,438. The is ue during the corresponding period of last year was $388,094. The shipments of fractional silver coin since the 1st inst. amount to $917,571.

IN AN interview at Milwaukee, Robert Schilling, secretary of the national executive committee of the new people's party, said: "The moral effects of the victory in Kansas has been tremendous, and in the next presidential election the contest will be between our party and the democrats. The republicans are not in it, for the republican party is as dead as the old whig party."

WOMEN residents in one block in Jersey City clubbed together and cleaned the streets and alleys, or caused it to be done, and it is now said to be the cleanest, brightest spot in seven cities. Perhaps there is a hint in this. A city might be districted and the work given into the hands of the women residing therein. The supposition is that the expense would not be increased by such a plan.

A DISPATCH from Rome says that his holiness, the pope, has written to Cardinal Gibbons, asking the latter to furnish him with details as to the New Orleans dispute, and as to its effect upon the position of Italians. His holiness, according to this dispatch, has also requested Cardinal Gibbons to do his utmost to obtain an equitable solution of the questions which have been raised by the New Orleans lynchings.

THE leaders of the third party movement profess to have direct assurances that Senator Stanford, of California, is ready to put himself at the head of their movement with all that is therein implied, and that he will be the standard bearer of the alliance or people's party in 1892. Some of the alliance leaders claim to be authorized to make public the alleged fact that Senator Stanford considers he holds his great fortune simply as "steward for the people."

THE United States supreme court yesterday upheld the constitutionality of the original package law passed by congress and also held that it was not necessary for the state of Kansas to reenact its prohibitory law after the passage of the congressional act, in order to shut out liquors in original packages. The case came up on appeal of Wilkinson, sheriff, against Rahrer, the lower court having decided against the state. The court reverses the decision of the lower court. Chief Justice Fuller rendered the decision, the entire court being with him.

FISH COMMISSIONER DENNIS made a somewhat eventful trip through northern Indiana last week. At Elkhart he had six men arrested for spearing fish. They entered a plea of guilty, and were fined $25 and costs each. One of the violators was a road supervisor, whose duty it is to prosecute violators of the fish law. He was arrested for neglect of duty and fined $25 and costs. Mr. Dennis had a fish ladder put in the Elkhart river at Goshen, and organized a fish and game association at Akron, Fulton county, with fifty members. He reports an epidemic among the fish in northern Indiana streams, and the finnies are dying in large numbers. The disease seems to be confined to suckers almost entirely.

BENEFITTED BY RAIN.

Crops in Many Sections are Greatly Improved by Showers.

Reports from the spring wheat region of Minnesota and Dakota state that recent showers have greatly improved crops in that section, especially late wheat, while warmer weather and more rain will be beneficial. The crop conditions were also generally improved in the states of the Missouri valley and in Illinois and Iowa, and wheat is heading in fine condition except in central counties of Illinois, where insects are injuring grain and the hay and oat crops will be short. Corn planting is about completed, but the cool and cloudy weather has retarded growth.

Severe hail in Comanche county, Texas, destroyed much wheat. Some danger resulted from the same cause in several counties in Missiouri, and in the latter state a destructive tornado occurred, causing injury to crops and loss of life in Boone, Audiran and Pick counties.

In the states of the Ohio valley and in the lake region the crop prospects were greatly improved by the recent rains, although in many sections the rainfall has not been sufficient to completely relieve crops from the previous drought conditions, but the rain of last night did much in this direction.

Frosts on the 17th caused some injury to crops and fruit in Michigan and in the northern portions of Ohio, Indiana and Illinois. Crop prospects were also improved in Tennessee and Kentucky, but the light rains have given only temporary relief. In Tennessee rust and small insect are damaging wheat.

Texas and western Arkansas report weather favorable, cotton plants small, but in good condition, deep rooted and well cultivated; corn in tassel and general prospects promising. Considerable injury resulted from hail in Texas, where these storms covered an area of 25,000 acres. Some benefits resulted from showers in the northern portion of the gulf states, but the drought continues in the southern sections and the outlook is generally more unfavorable than during the previous week.

The weather continues dry in the south Atlantic states, and it was too cold for cotton; the stand of corn and cotton is poor and in some sections cotton is being replanted. Light rains revived crops in the northern portions of the south Atlantic states, but the ground continues too dry.

Light rains have improved crop conditions in New England and the middle Atlantic states. Frosts on the 16th and 17th slightly damaged crops and fruit in New York and New England, and grass and grain are below the average. Many grapes and strawberries were killed, and owing to the cool weather crops are growing slowly. New Jersey reports crops much improved; peaches full and promising. Some varieties of pears failing badly. Pennsylvania reports late rains not general; wheat in good condition; fruit prospects good.

Colorodo reports that rain over the whole state greatly benefited crops, but where it was excessive caused some damage to alfalfa. Rains are not favorable, however, to sheep industry.

Oregon reports excellent growing weather. Wheat and rye heading, fruit uninjured and promising. In north California cool weather was favorable to grain, but retards the ripening of fruit. A large hay crop is being secured. In southern California rain damaged hay and lodged grain, but was beneficial to corn and fruit.

SOCIAL EVENTS.

H. S. Vreeland Surprised—Mr. and Mrs. Horstman's Tin Wedding.

Henry Vreeland, the well-known head salesman in the carpet department of Root & Co., was surprised by a host of friends last evening, the party making its appearance about the time Henry was going to "turn in" for a night's rest. It happened to be his thirty-seventh birthday, too conspicuous an anniversary for the thirty-five couples to let pass by without a fitting celebration. The guests came prepared for a good time and for into morning the peaceful Vreeland home in Park Place was a scene of merriment. The host and hostess made it pleasant for all present, a grand supper and other features occupying the fast-fleeting hours. A number of useful gifts were bestowed.

Last evening the home of Mr. and Mrs. Frank Horstman, 17 Clay street, was brightened by the presence of a merry throng of friends, who came to celebrate the couple's tenth wedding anniversary. This being the eventful anniversary when tin predominates the presents of this material were numerous as well as unique and useful. Mr. Horstman is of the mail carriers' force and his co-employes made a suitable present. The guests were entertained in a handsome manner.

Last evening William Burke, of the Hoosier shoe store, and his estimable wife, celebrated their tin wedding in an enjoyable manner. The guests present were most delightfully entertained.

A NOBLE CHRISTIAN.

Mrs. Elizabeth Rudisill Will be Sadly Missed in Church Circles.

The late Mrs. Elizabeth Rudisill, of whose life THE SENTINEL published a sketch yesterday will be especially missed in Trinity English Lutheran church, of which she was a charter member, and at whose organization, in 1846, she was present and took an active part, and for whose growth and prosperity she always manifested a zealous concern. Her life was pre-eminently a Christian life, full of grace and good works, crowned by a charming simplicity, kindness and good will to all.

Notwithstanding her advanced age she lived in the present. Her lively interest in the current affairs of her social circle, her city and country continued without abatement unto the end of her days. But it was more especially in her home life that she revealed the native grace and dignity of her character. Her generous hospitality, cordial sympathy and self-sacrificing spirit were remarked by all, whether friend or stranger, who came under her roof. By her death the community has lost another old settler, who, in her quiet way, did much to further its welfare and mold its spirit; but those to whom she was bound by the ties of kin and friendship, realize that a presence has gone from them from whom they unconsciously derived motive, strength, patience and grace for the burdens and works of life.

SOUVENIR SPOONS.

The Old Fort Silver Spoons Can Now be Procured.

H. C. Graffe has received another consignment of Old Fort Souvenir Spoons which are already distributed through the whole country and are considered the prettiest Souvenir Spoon made. Mr. Graffe wishes to state to all persons desiring these spoons to come as soon as possible because it will take some time to get another lot on hand. "I have ordered 1,000 spoons," says Mr. Graffe, "but the work is a piece of art and we cannot rush them as ordinary silver spoons."

Each spoon has the figure of the old fort etched in the bowl, and the handle bears the words, "Fort Wayne."

INDIANA ITEMS.

Hundreds of chickens are reported to have been killed by the recent hail storm in Delaware county.

After three weeks spent in taking testimony, argument has begun in the Bennett murder trial at Lafayette.

The late John A. Reitz, of Evansville, bequeathed his entire estate to his wife. It is estimated at $1,000,000.

The trial of Charles Ritter, the defaulting teller of the First National bank of Evansville, will be called this week.

During the prevalence of a thunder storm at Wabash, lightning struck the residence of Rev. L. L. Carpenter, tearing off the plastering and knocking over furniture. A ball of fire fell to the floor and exploded with a tremendous report. Two children were injured.

During a heavy rain storm in Coal Creek township, Montgomery county, and while the family of Adam Walker were looking out of a window, a large soft shell turtle fell in the yard, bounding several feet when it struck the ground. It lay for some time apparently disabled, but finally recovered and attempted to crawl away.

Miss Lotta Vancell, of Spencer, married G. T. McMaster one year ago, and in a few months she discovered that he was a bigamist; further, that he had abandoned her. She pursued him to several points and Monday compassed his arrest at Louisville, Ky. After he was in custody she repented and tried to have the prosecution dismissed.

Jacob Fried has served notice that he will start a saloon at New Market. The village has heretofore been exempt from the traffic, and the residents are almost a unit in the determination that liquor shall not be retailed. A hint has been given Fried that if all lawful agencies fail dynamite will be employed. The village was originally laid out by a clergyman, who stipulated that if any lot-owner ever permitted the sale of intoxicants on his premises the title should revert to the original owner.

Postmaster Higgins has issued rules regulating postoffice hours on Decoration day. The general delivery and stamp departments will be open from 7:15 a. m. to 1 p. m. and from 7 p. m. until 9 p. m. The money order and registry departments will be open from 8 a. m. to 1 p. m. But two street deliveries and two collections will be made, one at the usual hour in the morning, the last at 1 p. m. (but only in the business part of the city), excepting that at 7 p. m. and 10 p. m. mail will be taken from the hotels and Calhoun street boxes between the two depots. The out mailing service will be as usual and mail dropped at the postoffice until 11 p. m. will go forward that evening. Persons desiring their mail during the afternoon can procure it by calling at the postmaster's room.

La Grippe Again.

During the epidemic of la grippe last season Dr. King's new discovery for Consumption, Coughs and Colds, proved to be the best remedy. Reports from the many who used it confirm this statement. They are not only quickly relieved, but the disease left no bad after results. We ask you to give this remedy a trial and we guarantee that you will be satisfied with results, or the purchase price will be refunded. It has no equal in la grippe, or any throat, chest or lung trouble. Trial bottles free at Dreier & Bro.'s drug store. Large bottles, 50c and $1.00.

Happy Hoosiers.

John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies." He found new strength, good appetite, and felt just like he had a new lease on life. Only 50c. a bottle at Dreier Bros.' Drug Store.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it. H. W. COLEMAN,

GETTING CARS READY.

Managers of Through Lines Have Ordered all Cars Repaired—The News of the Day.

Traffic managers and general superintendents have begun to turn their attention to their equipment to see that every available freight car and freight locomotive is made ready for active service. They are now convinced that from July 1 next every available wheel on their respective roads will be called into requisition and that the probabilities are that the car famine of twelve months ago will not be anything to the one that will exist during the closing months of this year, owing to the large amount of grain that will have to be moved from the western, northwestern and southwestern states. In the southwestern states an unprecedentedly large wheat crop is already assured, and the present rains came just in time to make the probability that the same will hold good in the western and northwestern states almost certain. The outlook for the roads at present for the remainder of the year is exceedingly encouraging and railroad officials are feeling jubilant in consequence.

G. J. Beckstiene has returned from his wedding trip and took his run out on the Grand Rapids to day.

On account of the sickness of his wife, Fireman H. E. Barber, of the Pittsburg, is taking a lay off.

N. Ballou, a switchman at the east yards, had his right arm "pinched" yesterday, and is off duty in consequence.

P. H. Blymer, fireman on the Pittsburg, was taken suddenly ill this morning and could not go out with his engine.

This morning three men were given work in the Pittsburg car shops. They are W. O. and E. E. Ferguson and J. Kenzie.

Ernst Cody, of the Nickel Plate, has been summoned to Mansfield on account of the critical illness of his grandmother.

Fireman F. Simonton has returned to his engine on the Pittsburg, his wife's health having improved. Mr. Simonton was off duty a month.

Charles Colson has been promoted from freight fireman to passenger fireman on the Nickel Plate. James Hughes is now firing on a freight.

Andy Rogers, formerly a foreman at the American Wheel works, has taken the position of rimmer in the Olds' Wagon works under Foreman J. Doyle.

The employes of the boiler department of the Pittsburg shops attended the funeral of Mrs. F. J. Boerger in a body this afternoon, this being the department in which Mr. Boerger is employed.

By the resignation of J. P. Kelley in the office of the east end car shop, the following promotions in Master Car Builder Graham's office force were made: W. H. Woodruff, chief clerk in east shop; Thomas Golden, material clerk; E. W. Dartnell, pricing clerk; L. H. Sinclair and Ed Hobrock time clerks. These are all worthy young men, and THE SENTINEL is glad to note their promotion.

John Kerns has taken a position at the Organ factory, having resigned at the Electric works. He is a pattern-maker.

Ed Davis, fireman at the American Wheel works, is acting as pall bearer this afternoon at the funeral of Mrs. Boerger.

J. H. Remmert, a machinist at the Kerr Murray works, who has been ill for the past two months, is convalescing.

Charles Cragg moved his family to Jackson, Mich., yesterday, where he has taken a position in the American Wheel works.

Clarence Baker has returned to his home in Kendallville after a pleasant visit with his brother, Calvin, of the Electric works.

Ambrose Benedict returned to work in the Pittsburg machine shop this morning, having been idle a week on account of a mashed toe.

C. Brower, the man who was injured a few weeks ago at the Fort Wayne furniture works, is nearly recovered and expects to go to work in a day or two.

William Bruns and Rudolph Bensman, boiler makers at the Bass shops, are off duty. The former is sick and the latter suffers with an enormous gum boil.

Dan Ream will hereafter be found behind the counters of John Damon's restaurant, at Rome City. Mr. Ream yesterday handed in his resignation at the Electric works.

Machinist P. J. Coyle, of the Pittsburg, accompanied by his mother, will leave for Altoona, Pa., to-morrow, where they expect to be the guests of relatives a week or two.

The Fort Wayne branch of the Bass works are helping the Chicago branch out on a big contract for water pipes for the city of Chicago. The first castings will be made today.

Thomas Meegan, chief clerk in the Pittsburg shops, took out the permit for his elegant new residence in William's addition this morning. The building will cost $3,500.

Dr. C. R. Cisna, a very pleasant gentleman, was the guest last evening of Dr. J. M. Kells. Dr. Cisna is the medical examiner of the Pennsylvania Voluntary Relief association, with headquarters at Chicago.

William Bensman, a very worthy young man, has been promoted, or rather had his duties and pay doubled, at the Bass works. He will now officiate as clerk in two departments—the blacksmith and the boiler shops.

J. A. Barnard, assistant general manager of the Big Four, whose headquarters are at Indianapolis, tendered his resignation yesterday. It is understood that Mr. Barnard resigned voluntarily and has another job in view.

Two wood trains have been put on the Fort Wayne road, one between this city and Upper Sandusky and the other one between this place and Warsaw. Each train furnishes employment to twenty men aside from the trainmen.

John Britingham, formerly of the American wheel works, is in Muskegan, Mich., and does not know of the death of his father-in-law, Mr. Howister. He cannot be reached by telegraph, as his stopping place is not known to his relatives in this city.

F. E. Dodd, formerly agent of the Lake Erie and Western at Frankfort, Ind., has been appointed chief clerk and cashier of the Missouri Pacific road at Fort Smith, Ark. He is a brother of Harry Dodd, cashier of the Lake Erie and Western at Lafayette.

The employes of the Olds' Wagon works attended the funeral of their late fellow workman, Louis Moring, in a body. The following men from the works acted as pall-bearers: H. E. Rombke, John Little, Joseph Trueskil, Amil Rust, J. C. Sarwanee and Joseph Angel.

The situation at the American wheel works remains unchanged. The engines are running today and three or four men are working in the wheel rooms. Both sides are firm and there are no prospects of an immediate settlement of the differences between the men and the management.

Arza Scott, formerly watchman at the Olds wagon works, left on the Wabash this morning for New York city, where he assumes the duties of executor to the will of his deceased uncle. The estate includes property which is valued at $260,000, and as there are only six heirs, Mr. Scott's share will place him beyond want, so far as worldly goods are concerned.

Railroad men say there are more tramps along the line of the different roads than there has been for years, and they are of a bolder and more aggressive nature than ever before. They do not hesitate to board a freight train that is going in their direction, and several bloody fights have occurred with the trainmen. They are found mostly in the vicinity of small towns, but even larger places, like Fort Wayne, are not free from them.

Mr. J. C. Clarke, president and general manager of the Mobile and Ohio railroad, was in St. Louis yesterday, en route to New York. He appeared somewhat amused at the Wall street reports of late, which have placed the Mobile and Ohio property in the hands of at least a dozen different interests. He has given flat denials to all those rumors and, moreover, he states that the purchase of all the stock of the Mobile and Ohio would not give control of the property, as the stockholders transferred the voting power to the debenture holders when the road was reorganized in 1875, and the debenture bondholders in turn transferred the voting power to the general mortgage bondholders, so that a purchaser of a majority of the bonds (in all $105,000,000) would be necessary to obtain control of the road. Mr. Clarke says that the Mackey syndicate are not prepared to do this.

Every tissue of the body, every bone, muscle and organ is made stronger and more healthful by the use of Hood's Sarsaparilla.

L. L. Burke, owing to ill health, is offering the Brookville American for sale.

I have been troubled with chronic catarrh for years. Ely's Cream Balm is the only remedy among the many that I have used that affords me relief.—E. W. Willard, Druggist, Joliett, Ill.

My son has been afflicted with nasal catarrh since quite young. I was induced to try Ely's Cream Balm, and before he had used one bottle that disagreeable catarrhal smell had all left him. He appears as well as anyone. It is the best catarrh remedy in the market.—J. C. Olmstead, Arcola, Ill.

Mary had a little bike,
Enamelled black as night,
And everywhere that Mary went
That bike came out all right.
It ran so light, where e'er she roamed,
On roads both good and bad.
That other girls all wished they owned
A bike like Mary had.
Wherever Mary rode that bike
It always was admired,
While other girls, of luck unlike,
Rode bikes that made them tired
Why Mary rode so good rode well,
They wondered—all who saw,
And Mary had to often tell:
"Because it's a COLUMBIA."

A Sea Sick Passenger.

On the ocean, cares little about a storm. He is positively indifferent whether he is washed overboard or not. But set right by a wineglassfull or two of Hostetters' Stomach Bitters, he feels renewed interest in his personal safety. This fine corrective neutralizes in the brackish water often compulsorily drunk on ships and, to the great detriment of health, the impurities which give rise to disorders of the stomach, liver and bowels. To the traveler, the tourist, the Western pioneer and miner, the Bitters is invaluable as a protection against malaria, when the ... is ... and ... are afforded great and speedily felt relief and vigor.

The Northwestern Base Ball League Prospects Not So Flattering as They Ought to Be.

A special telegram from Detroit today says: "There are signs of serious disintegration in the Northwestern Base Ball league, and the officers here are endeavoring to find some way out of the difficulties. Evansville has dropped a lot of money and is kicking because the crowds are so small. Bay City is "way behind" in her guarantee money, and the poor work of the Detroit club is certain to have a bad effect on the attendance here. The local management have not yet got its grounds in shape, and is trying to get Bay City to exchange this week's dates for a fourth of July game. Others of the southern circuit cities are said to be hard pressed financially and eagerly looking for some means by which to increase the crowds. An average attendance of 600 is required to make clubs pay expenses; but, thus far, its attendance, except on Sundays, has not averaged 500."

GRAND RAPIDS, May 25.—The Fort Waynes dropped on to the delivery of Green, the new pitcher, early in the game today and batted him all over the field. The home club made costly errors at critical periods, which gave the visitors the lead. Owing to inclemency of the weather only forty spectators turned out. Score:

Yesterday's game made quite a change in the standing of the Northwestern clubs. Peoria, which from the start has stood in the lead, has dropped a notch and now stands second, while Evansville goes to the head of the class. Fort Wayne and Dayton are tied for third this morning, but tonight will find us either second or third. Our neighbors at Terre Haute hold a grip on fourth and are coming up in good form. Bay City and Detroit are in the same groove for fifth place, while Grand Rapids allows no one to dispute its right to the foot of the class.

NOTES.

Pitchers Hamiboe, of Bay City and Grand Rapids, are said to be brothers.

Friday and Saturday Grand Rapids will play Fort Wayne in this city. Friday will be a big day here.

The Grand Rapids club has signed Catcher and Fielder Newman, released by Omaha; Catcher Chie Hofford, late of New Haven; Third Baseman Dowie, of Hamilton, and Pitchers Bridenstein, of St. Louis, and Eddie Green, of Philadelphia. "Darby" O'Brien and Houseman will probably be released.

Sunday the police at Cincinnati arrested both the Cincinnati and Athletic clubs in the first innings, and they were not permitted to finish the game. The Cincinnati club loses $1,500 that they paid for a special train and $300 for other expense. There was a great deal of excitement and noise about the grounds, but no serious disturbance. The attendance was small.

A game of ball was in progress at the west-end ball park at Springfield, Ohio, Sunday afternoon, when two young ladies with male escorts passed. Taking in the situation at a glance, one of the girls quietly left her companion's side and walking to where the batsman stood waiting a ball, knelt on the ground and offered a fervent prayer to heaven that the hearts of the Sabbath desecrators might be touched. Then she arose, and approaching the captains of the two clubs, in kindest tones reminded them that they were not keeping God's day, and asked them to cease playing. The captains, deeply affected by her remarks, feelingly replied that her wishes should be respected, and they were.
